COLLEGE BOUND AZ

College Bound, a nonprofit community resource, shares the journey to college with aspiring under-represented students through mentorship, guidance, and support resources for their advancement to a better future through education.

College Bound AZ is dedicated to empowering underrepresented youth aged 14 to 25 on their journey towards higher education. Our mission revolves around providing educational equity resources to inspire and facilitate their pursuit of a better life through college. Given that a substantial proportion of our students hail from low-income and underserved backgrounds, our primary objective is to offer robust support through direct mentorship. To achieve this, we conduct biweekly workshops covering essential aspects of their educational journey, including financial literacy, mental health, time management, FAFSA completion, and the college application process. These workshops serve as a valuable and interactive platform for students to gain practical insights and guidance, fostering confidence and readiness for the challenges of higher education. Recognizing the financial barriers many of our students face, we aim to equip them with the necessary skills to navigate budgeting, loans, and scholarship planning, ensuring that financial constraints do not hinder their career aspirations.

Recognizing the multifaceted needs of low income students pursuing higher education, we address critical aspects such as providing laptops, book allowances, food access, and gas cards. These resources aim to bridge gaps for RISE students. For instance, observing hunger as a barrier to concentration during meetings, we established a food pantry in our office. This initiative allows students to conveniently access drinks and snacks, acknowledging the crucial connection between a nourished body, a healthy mind, and effective learning.

College Bound AZ holds the belief that by collaborating with underserved students, often overlooked or denied equal opportunities compared to their higher-income counterparts, we are not only transforming their lives but also impacting their families for generations to come.

Your support of our UNGALA makes you an integral part of their narrative, contributing to a positive shift in the way their stories unfold. Last year alone we transformed the lives of over 350 students.

Thank you in advance for your consideration
